REMARKS / ARGUMENTS

This paper is submitted in full response to the outstanding Office Action dated October 6, 2006 wherein the drawings of this application as originally filed were objected to by the Examiner. New drawings accompany this amendment and include changes which are believed to overcome the outstanding objections.

In addition, claims 1-32 are subject to a restriction requirement as set forth in greater detail hereinafter.

In the Drawings

As set forth above, two formal sheets of drawings comprising of Figures 1-4 are submitted herewith as replacement sheets for the two sheets of drawings as originally filed which also originally included Figures 1-4. In addition, amendments to Figure 1 of the drawings as filed have been made wherein changes to Figure 1 have been indicated on a corresponding one of the annotated sheets. As further required, the replacement sheets include the corrections to Figure 1 as amended. Minor corresponding changes have been made to the specification in order to overcome any informalities and inconsistencies in the wording thereof. Care was taken not to include new subject matter.

Response to Restriction Requirement

In full response to the outstanding restriction requirement, Applicant hereby elects to prosecute the invention as set forth in Group II, specifically including claims 19-32.

Conclusion

This response and accompanying amendment is believed to be fully responsive to the outstanding Office Action. As such Applicant requests a continued and facilitated prosecution of this application.

In the event that any fee may be required by the filing of this paper, the Commissioner is hereby authorized to charge any fees and/or credit to our **Deposit Account No. 13-1227**.
